When we discover a great resource, we like to share it! Our goal is to keep you and your family informed with the latest health information. Visit our medical links below for more ways to maintain your family's health. Please feel free to bookmark these sites as they may change regularly. The websites provide valuable, free information but are not a substitute for consulting a doctor. We recommend visiting recommended sites in addition to seeing a physician. If you have any questions, please make an appointment with one of our licensed practitioners. You can schedule appointments quickly using our Appointment Request page. Newburyport Family Practice is not affiliated with the above websites and their content is exclusively theirs. As they update regularly, we encourage you to visit them often - just as you visit your doctor on a regular basis. As a Board Certified Family Medicine and Osteopathic Physician since 2011, I provide personalized care in my solo practice, Vitality Family Medicine. You'll receive physician-level care in my office or through home visits/telehealth calls, always seeing me personally. Please note the following important details regarding your change of primary care provider to Beth Israel Lahey Health. You can find more information about additional physicians at .
