****GradeSaver Solutions are Free!**** Unlike Chegg, which charges for its services, GradeSaver offers free solutions to help you succeed. Our textbook answers and solutions cover various publishers' materials, including those from well-known publishing companies like Wiley, Prentice Hall, McGraw-Hill Education, Pearson, Cengage Learning, and more. Here is a list of some of the specific textbooks we have solutions for: * Wiley: 978-1-11812-816-9 (and many others) * Prentice Hall: 978-0-13350-040-0 (and many others) * McGraw-Hill Education: 978-0-07340-371-7 (and many others) * Pearson: 978-0-32172-639-1 (and many others) * Cengage Learning: 978-1-33727-117-2 (and many others) This list is not exhaustive, as we have solutions for hundreds of textbooks from various publishers. With GradeSaver, you can access free answers and solutions to help you study and succeed in your courses! This is a list of various publications and their corresponding International Standard Book Numbers (ISBNs). The books are published by different companies, including Prentice Hall, Cengage Learning, Pearson, Wiley, Brooks Cole, McGraw-Hill Education, Garland Science, and University Science Books. The ISBNs listed range from 978-0-13311-664-9 to 978-1-11908-070-1. These numbers are used to identify specific book editions and provide a unique identifier for each publication. The list includes multiple publications by the same companies, with some books having the same title or similar titles. The ISBNs are grouped by publisher, making it easier to find specific books in the list. This list features various ISBN numbers assigned to different publishers, including McGraw-Hill Education, Pearson, Brooks Cole, and others. The ISBNs range from 978-1-11855-493-7 to 978-0-32199-958-0, with multiple instances of publication by Pearson alone.
